2019 IRC 6055 Coverage Summary Report Available Week of January 13

The Coverage Summary Report will be posted to the library of your bswift district site the week of January 13. We will send another email as soon as the report is ready.

This report represents coverage established in the bswift system for the 2019 calendar year. An indicator will reflect if a member was on COBRA at any point in the year. If you find individuals whose data needs to be updated, make those changes directly on the report, and use the updated version as the source for your filing.

Instructions for Accessing the Coverage Summary Report

1. Hover your mouse over "Library" on the top menu bar, and then click on "Content Admin."

2. Click on the title of your Coverage Summary Report. The naming convention is DXXXX_ ACA Coverage Audit Report 01/13/2020.
3. A sidebar will then open, and you will select "Download" on the right-hand side of the page.

4. A Coverage Summary Report key is also posted in the library. The key gives field-by-field descriptions of each data element on the Coverage Summary Report.
