

Find lower-cost, high-quality advanced imaging

Teachers and their families who have TRS-ActiveCare health benefits can use the USIN advanced imaging benefit in the current plan year.*

USIN helps employees find lower-cost, high-quality advanced imaging like magnetic resonance imaging (MRI), computed tomography (CT), and positron emission tomography (PET) scans. USIN has more than 200 facilities in Texas and 2,100 facilities nationwide. USIN offers access to accredited providers and a concierge scheduling program that can result in major out-of-pocket savings.

Thanks to you and your fellow Benefits Administrators (BAs) in Texas, teachers saved hundreds of thousands of dollars last year by using this benefit. Thank you for getting the word out!

Attached find **information about this benefit** to forward to your employees, hang in the break room or send to campus wellness coordinators. We've included a draft cover email that you can use when you send the information to employees.

BAs can use a dedicated USIN phone number to get answers to questions. Call USIN at 1-877-904-5877 (toll free) or email them at BAquestions@usin.com.

By encouraging your employees to use high-quality, cost-effective care, you help strengthen the TRS-ActiveCare fund.

Thanks again for your participation in the TRS-ActiveCare health plan and for spreading the word about this benefit.

*Participants in TRS-ActiveCare Select Whole Health plans are *not* eligible for this USIN advanced imaging benefit.
